Amendment dated April 12, 2007
Reply to Office Action of April 4, 2007
Docket No. C054-2

Amendments to the Claims:

This listing of claims will replace all prior versions and listings of claims in the application.

Listing of Claims

Claims 1-28 (cancelled)

29. (previously presented) A method of increasing charitable donations to an organization, the method comprising:

providing to a first donor over a computer network, in response to the first donor's activation of a hyperlink, a page for initiating an on-line electronic funds transfer as a first donation to the organization;

accepting the first donation; and

without human intervention making publicly available over the computer network a page on which a list of donors is presented, including the first donor, to provide public recognition to the first donor, the page on which the list of donors is presented including a link to a page for making donations and including at least one link associated with one of the listed donors to a page having information about the one of the listed donors, the page having information about the one of the listed donors including a link to a page for making additional donations.

30. (previously presented) A method of increasing charitable donations to an organization, the method comprising:

providing to a donor over a computer network, in response to the donor's activation of a hyperlink, a page for initiating an on-line electronic funds transfer as a first donation to the organization;

accepting the first donation; and

Docket No. C054-2

without human intervention making publicly available over the computer network information about the first donation to provide public recognition to the donor, at least one link for accepting additional donations being provided along with the information about the first donation.

31. (previously presented) The method of claim 30 in which without human intervention making publicly available over the computer network information about the first donation includes providing a link to an electronic page including information about the donor.

32. (previously presented) The method of claim 30 in which without human intervention making publicly available over the computer network information about the first donation includes making publicly available a list of donations including the first donation.

33. (previously presented) The method of claim 32 in which making publicly available a list of donations includes providing in association with at least one of the donations on the list, a link to an electronic page including information about a donor who made the listed donation.

34. (previously presented) The method of claim 32 in which making publicly available a list of donations includes providing a list of donations on a page including a link to a page for making an additional donation.

35. (previously presented) The method of claim 32 in which making publicly available a list of donations includes making publicly available a list arranged in order of donation level, the donation level corresponding to the total amount donated by each donor on the list.

36. (previously presented) The method of claim 30 in which without human intervention making publicly available over the computer network information about the first donation includes making publicly available information about a donor who made the donation.

37. (previously presented) The method of claim 30 in which providing to a donor over a computer network a page for initiating an on-line electronic funds transfer as a first donation to

Application No.: 09/300,881
Amendment dated April 12, 2007
Reply to Office Action of April 4, 2007
Docket No. C054-2

the organization includes providing a page for payment by credit card, debit card, payroll deduction, or billing to a telephone number.

38. (previously presented) The method of claim 30 in which accepting as a first donation includes receiving a page in which the donor has provided information about the donor.

39. (previously presented) The method of claim 38 in which receiving a page in which the donor has provided information about the donor includes receiving information from the donor to indicate which parts of the information is to be made publicly available.

40. (previously presented) The method of claim 31 in which without human intervention making publicly available over the computer network information about the first donation includes:

making publicly available a donation list providing information about multiple donations, the first donation being one of the multiple donations, a page on which the donation list is displayed including a link for making an additional donation; and

providing on the page displaying the donation list a link to an electronic page including additional information about the donor and including a link for making donations.

41. (previously presented) The method of claim 30 further comprising:
totaling donations by categories, the category of each donation being determined from information provided by the corresponding donor; and

publishing the donation totals by category on the computer network.

42. (previously presented) The method of claim 41 in which the categories represent groups of donors, the method further comprising using the totals published on the computer network to encourage the groups of donors to compete by increasing their donations.
